 College and Career Advisor..... Stacey Payne  
 College and Career Advisor..... Kathleen Dilliner

### The School

Eastmark High is currently serving students in the seventh through twelfth grades. By starting with the lower grade levels, students grow into upperclassmen along with the school, growing together, to create a more personalized environment and build relationships of trust and respect between students, parents, staff, and the community. As we add students, we will also expand our pathway programs for our students. Providing students with the opportunities to develop skills in the classroom and in the field of competition will help them become well-rounded students and be prepared for success in the future.

### The District

We are a growing district of approximately 14,000 preschool through 12th-grade students, and we are very proud of the high standards of achievement our students and staff have attained. QCUSD students continue to score well above the state average in all math and English language arts areas. Queen Creek Unified School District supports the development of the whole child by modeling positive academic, social, and emotional learning through an innovative and challenging curriculum.

### The Community

More than a place to live, Eastmark is a community built on rich connections and creativity. It's also a place to evolve. Eastmark is defined by its diverse residents who work together to co-create this special place where neighbors not only know each other but are personally and emotionally connected to each other and to our community. Living here truly is "the mark of something special."

### The Curriculum

The academic program is organized on a traditional schedule. A full class load is 6 credits. Classes are Monday through Friday students attend six classes along with an achievement hour (periods 1-7) for 52 minutes in length.

## Grading Scale

Grading Scale	GPA Calculation	Weighted GPA Calculation
A=90-100	A=4.0	A=5.0
